

In this document you can learn more about food waste around the world. Gain insight to what other countries are going through and compare them to your own.

1. “Food waste by country” by WorldPopulationReview

This website shows you the food waste per capita of each country, as well as the total annual food waste.

<https://worldpopulationreview.com/country-rankings/food-waste-by-country>

2. “Food waste and food waste prevention - estimates” by EuroStat

This website provides the results of the third reporting obligation of the amount of [food](#) waste in the [European Union](#) by sector of activity according to the [NACE rev.2](#) classification and by households.

https://ec.europa.eu/eurostat/statistics-explained/index.php?title=Food_waste_and_food_waste_prevention_-_estimates

3. “Food waste and food waste prevention by NACE Rev. 2 activity - tonnes of fresh mass” by EuroStat

In this website you can pick any country and see a detailed analysis of their statistics regarding food waste.

https://ec.europa.eu/eurostat/databrowser/view/env_wasfw__custom_19583387/default/table

4. Global Hunger Index

In this website you can see any country’s statistics regarding hunger. It is very interesting when comparing it to the food waste in the same countries -- if you are interested in the hunger and waste paradox.
